

GOSS PACESETTER 870

An ability to finish products ranging from A5 to A3 size (digest to full tabloid) makes the Goss® Pacesetter® 870 the saddlestitcher versatility leader. Hoppers are independently driven, simple to operate and provide superior signature control. With optional Omniflex™ controls, the Pacesetter 870 can also direct and track creation of each book, match addresses and personalized messages to specific books, and inkjet those messages almost anywhere.

Features

- Formats from A5 to A3 (digest to full tabloid)
- One- or two-up production
- Advanced selective binding and inkjet personalization
- High-performance horizontal or vertical hoppers
- Two-gripper main drums and single-gripper transfer and opener drums for superior signature control
- On-the-fly hopper adjustments without tools
- SS15 Stitcher
- Integrated mechanical and electronic sensors to ensure product integrity
